

Full Name: Filip Tomevski

Contact: tomevskif@gmail.com | 078-694-914

Socials: [LinkedIn](#), [GitHub](#)

Developer with hands-on experience in mobile app development using React, React Native, and Expo. Skilled in integrating RESTful APIs, implementing Firebase authentication, and deploying solutions with Docker. Proficient in building custom UI components. Eager to grow in full-stack development, with a strong foundation in collaborative, agile team environments.

Experience:

Full-Stack Development - Internship (March 2025 - May 2025)

Inellipse – North Macedonia, Bitola

- Developed a cross-platform mobile app using **React Native**, **Expo**, and **TypeScript**, with **Firebase authentication** and custom UI components
- Built a **Node.js/Express** backend with **RESTful APIs** and **SQLite** integration, alongside a responsive **React** web interface for product browsing and price visualization. Contributed to a **Go-based** backend, optimizing APIs and database processes, and used **Docker** for consistent deployments and **Postman** for API testing

Snaplogic - Working Group (Nov 2023 - Jun 2024)

IWConnect – North Macedonia, Bitola

- Developed **SnapLogic** data pipelines for integration projects using **REST APIs** (e.g., OpenWeather API) and **SOAP** services, and led a project to store historical weather data with **SCD Type 2** in **MySQL**, including error tracking and monitoring
- Collaborated with mentors to **troubleshoot** integration issues, **optimize** data flows, and **automate** solutions for **system integration** and **API** management. Tested and validated **API endpoints** with **Postman** and **web services** for efficient integration, and **presented** the project to the faculty, highlighting **integration** techniques and **data management**

React - Working Group (Feb 2022 - Jan 2023)

Netcetera – North Macedonia, Bitola

- Collaborated with a university colleague to develop a **functional chess application** using **React**.
- Initially built **custom logic** for chess piece movements, **check**, and **checkmate detection** before **optimizing performance** by integrating the open-source **Chess.js** library.
- Gained **proficiency in ReactJS** through a comprehensive course, applying learned concepts to **practical, real-world projects**.
- **Enhanced app performance** by leveraging **external libraries** and **optimizing code efficiency**.

Medical Biller (May 2024 - April 2025)

Taskforce – Bitola, North Macedonia

- Handled **medical claims** and overpayment **refunds** via AthenaOne, iMedicWare, and portals (SPOT, Availity, Tricare, WellMed), ensuring **billing** compliance. **Resolved claim discrepancies** through **communication** with insurers and patients, **reducing** payment delays, and making sure that claims were paid correctly.

Skills:

- **Mobile:** React Native, Expo, TypeScript, Firebase, Ionic
- **Web:** React, Bootstrap, Tailwind
- **Backend:** Go, Node.js, Express, RESTful APIs
- **Databases:** SQLite, MySQL
- **Tools:** Docker, Git, Postman, IntelliJ, VSCode
- **Integration:** SnapLogic, REST/SOAP APIs
- **Languages:** English (Fluent), Macedonian (Native)

EDUCATION:

Oct. 2021 – in progress	Faculty of Information and Communication Technologies - University "St. Kliment Ohridski" - Bitola
Oct. 2018	Certificate of Completion Course in Fundamentals of Web Programming, Web Design, HTML, and CSS
Sept. 2017 – 2021	COTY “Ѓорѓи Хајмов” – Bitola
June 2019	Certificate for the successful realization of the training "Bastion - Developing soft skills and social competencies for team problem solving"
July 2019	Certificate of Participation for Young Men's Leadership Project Camp
